| 5.1 NEW FEATURE..... | 9 |
| 5.2 IMPORTANT FIXES..... | 9 |

1. GUI general

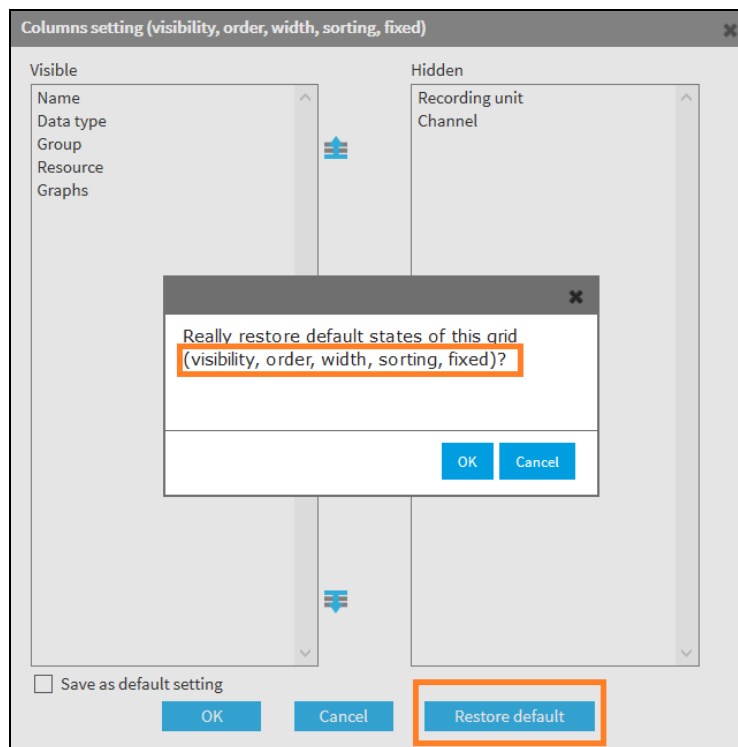

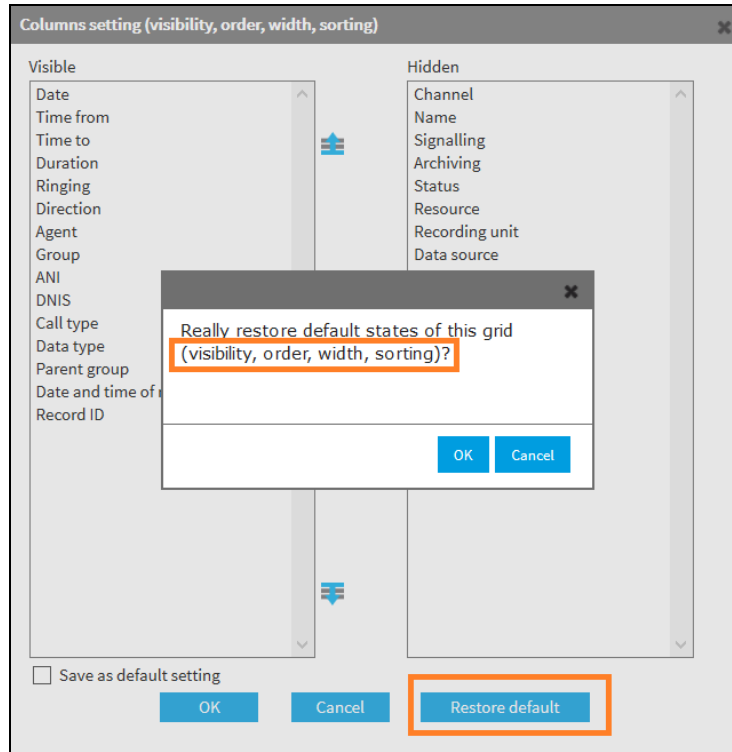

1.1 New feature

- The checkbox "Save as default setting" is populated in all grides - **Catalog, Monitoring, Results, Audit, Users** in the dialog called through the column popup menu with the "Bulk columns settings".

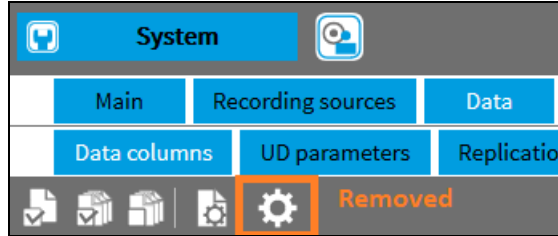

ReDat eXperience v 2.34.2 Release notes

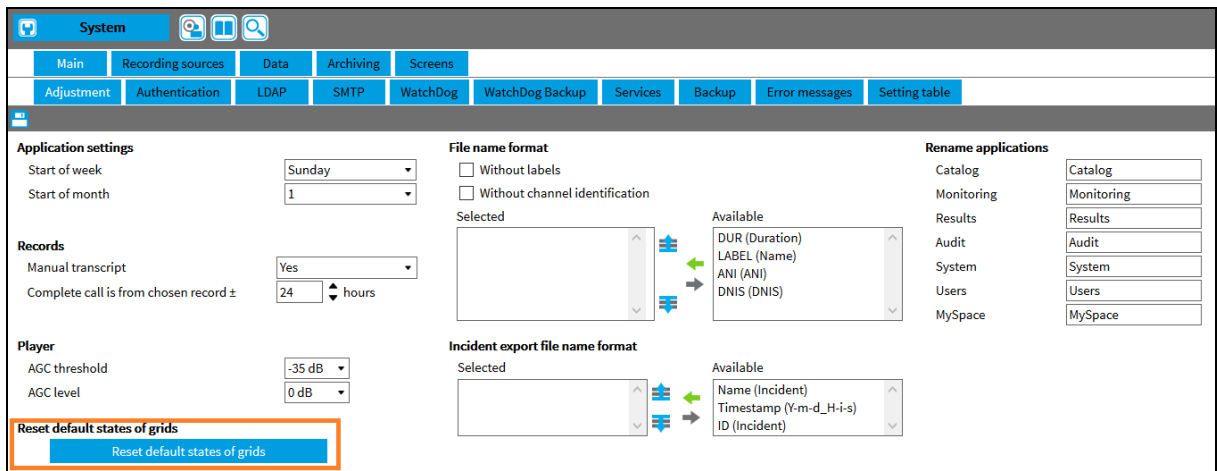

- o The dialog box when selecting "Restore default" also shows the attributes on which actions will affect.
- o For **Catalog/List of records** are: visibility, order, width, sorting.
- o For **Catalog/Timeline** are: visibility, order, width, sorting, fixed.

- **System/Data/Data Columns** the "Catalog Default Settings" icon is deleted.

- **System/Main/Adjustment** is added the "Reset default states of grids" button, which deletes default statuses throughout the application. This is similar to the "Restore Default states of grids" button in **MySpace** (this only deletes individual setting).

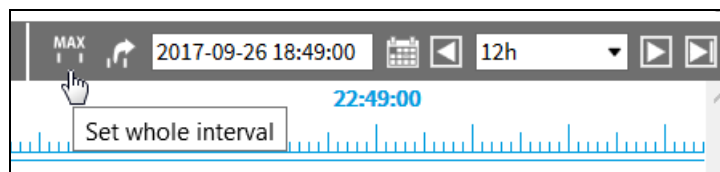

1.2 Import fixes

- Correction of non-capture changes to checkbox selection (typically for synchronous playback).

2. Catalog

2.1 New feature

- Added  **Set whole interval** icon - use the icon to set border lines to select the interval to the full range.

2.2 Import fixes

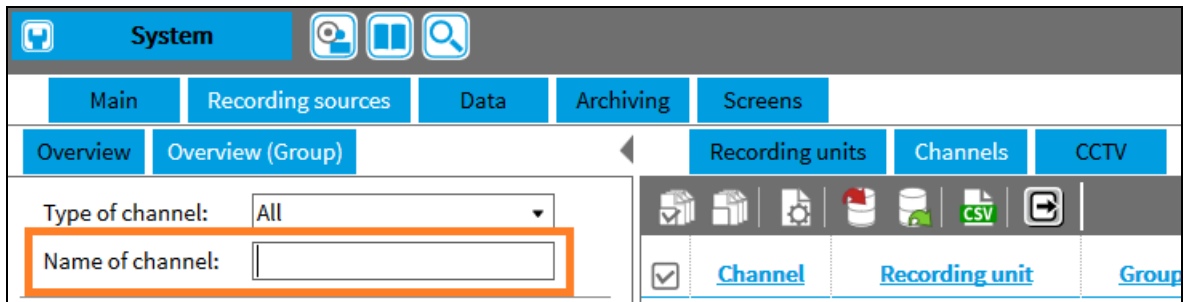

- Filters - for Direction and Data Type, the selection options are available depending on the licenses.

- Statistics and trains do not show rows with screens if they are disabled in a role.

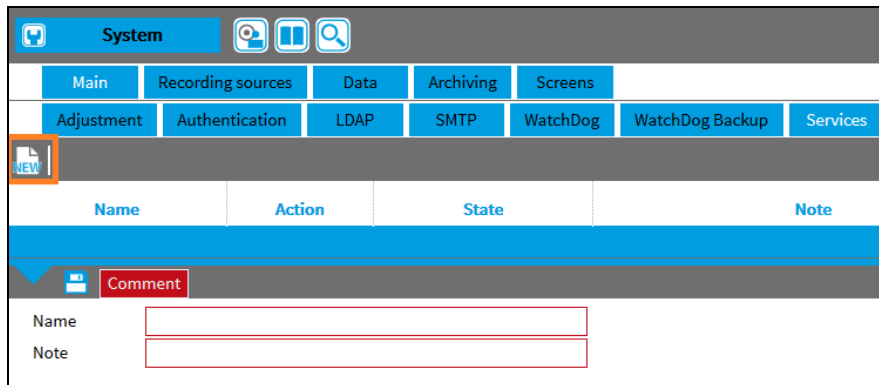

3. System

3.1 New feature

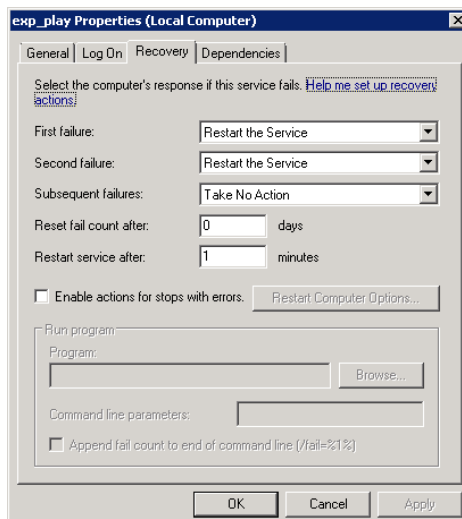

- **System/Recording sources/Channels** – added field in the left panel for filtering by channel name.

- **System/Main/Services** – superuser can add other services using the **New** icon.

- Removal can be done through the context menu and is only applicable to the added service.
- For some services, the recovery method is set by restart.

4. Users

4.1 New feature

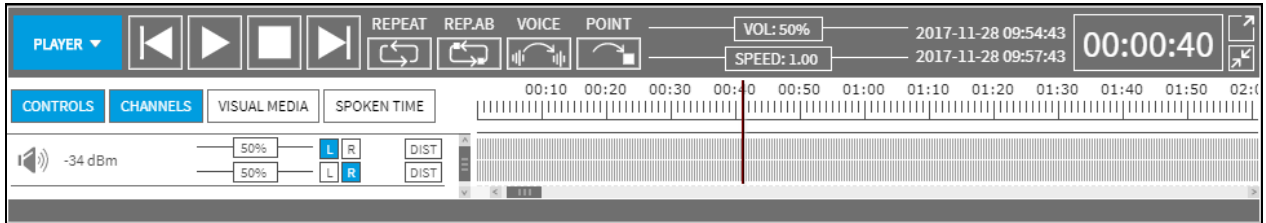

- **Users/Roles/Applications** - possibility of bulk marking/unmarking of the checkbox.
 - Blank checkbox - nothing is checked in the entire section.
 - Checkbox checkbox - set all checkboxes in the section (see example AUDIT).
 - Intermediate checkbox - only something is allowed in the section (see example USERS).

- For **System** application - permission to the 2nd level tab (in some cases several tabs under one checkbox).
- Superuser cannot set his account as inactive. The checkbox cannot be change.

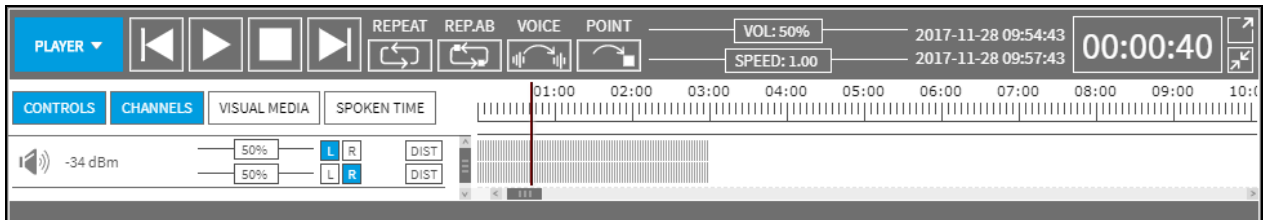

5. Player

5.1 New feature

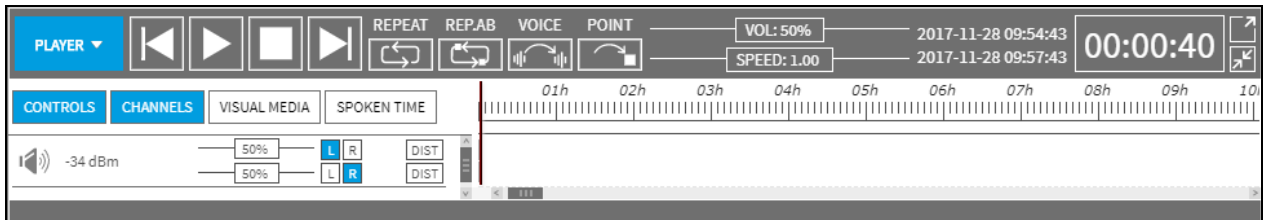

- Zoom the timeline with CTRL + mouse wheel over axis and envelope area - total 8 degrees resolution:
 - Default

- 2x scroll wheel "down"

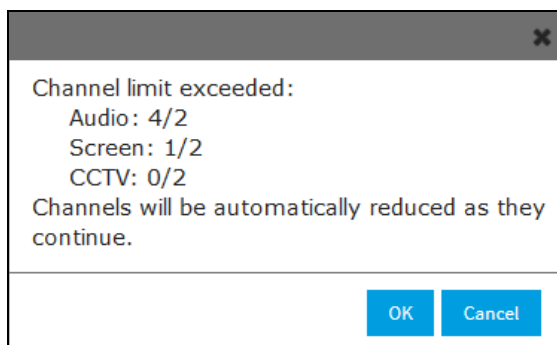

- Maximum "densification"

5.2 Important fixes

- Deleted original 14 channel limit for synchronous playback.
 - The default limit is: 2x audio, 2x screen, 2x CCTV, unlimited number of HID and datalink. Settings can be changed in **System/Main/Setting table** – parameter an, sn, cctv.
- Added channel control for synchronous playback.
- Added control of number of channels for monitoring and synchronous export.

RETIA, a. s. v rámci plnění ustanovení zákona 185/2001 Sb. o odpadech je zapojena do kolektivního systému **RETELA**  (www.retela.cz), který zabezpečuje zpětný odběr a likvidaci nebezpečného odpadu, tj. použitých a vyřazených **zařízení ReDat**.
